Hello Annamaria and the **WA** AUSIT Committee,

Just a short note to thank you for a very informative and interesting workshop on Ethics in Translation.

The discussions and scenarios we shared brought up some interesting questions and comparisons. It was a breath of fresh air to have Marisa among us, because she is part of the new generation of I/Ts, young, energetic and a contributor of ideas and suggestions that we the so-called "old veterans" might not have thought about. Regardless of the amount of time working as a translator, I feel that touching up on ethical issues is a good way to update our views and attitudes on certain unusual situations that may arise.

It was also very nice to have the opportunity to network with some colleagues we see only once or twice a year and to have a good number of members attending the workshop.

See you at the next one!
